DATED 29-5-937

[Despatch Abstract.]

Electric Installation - Mangalore Inspection Bungalow - Expenditure - Rs. 870/- - Approved.

C.F. 35.

ENDORSEMENT

PROCEEDINGS / MEMORANDUM OF THE CHIEF ENGINEER, P.W.D. GENL.

Post Box No. 410 *Telegraphic Address* Guyhouse.

No. 1457 Wks/37-1. *Dated* 26th April 1937

Short title Inspection Bungalows - Mangalore - electrification.

READ—the following :

523 From the Superintending Engineer, Coimbatore Circle, No. 400-W., dated 10th April 1937

Submitted to Government through the Chief Engineer for Electricity.

2. I recommend the proposal of the Superintending Engineer for the approval of Government except in the following respect, viz., the rent might be increased by four annas per day on account of electric installation as in other Inspection Bungalows which have been provided with such installation - c.f. G.O. Nos. 1771-W.. dated 8th August 1935 and 2677-W., dated 12th December 1935.

3. The expenditure on the work can be met from the provision of Rs. 35,000/- for minor works under the sub head "50-a. Civil Works - Original Works - Buildings - Civil Works"

Copy of letter No.338 SE, dated 29-3-1937, from A.G.G.Barclay Esq., A.M.I.C.E., Executive Engineer, West Coast Division, Calicut, to the Superintending Engineer, Coimbatore Circle.

Inspection Bungalow at Mangalore -Electrification

The bungalow is popular and is the most frequently occupied in the district. I consider it desirable to have it equipped with electric fans and lights. I enclose for your information a statement giving the number of days it was occupied.

2. The Plan and estimate amounting to Rs.870 prepared by the Electrical Engineer (General) Madras are enclosed for favour of obtaining necessary administrative approval.

3 The bungalow has been divided into 2 sections one for each occupant. Separate circuits are proposed for each section and each circuit will have a separate slot meter.

4.(i) The statement referred to in para 1 above gives the No. of days the building is occupied.

(ii) The rent now realized is Re.1/- for one set of rooms for 24 hours.

(iii) One anna nickel coin is to be put in the meter. Provision in the estimate has been made suitably.

5. The rent will have to be increased by annas 5 per day for each set of rooms due to the proposed electric installation.

Copy with the estimate forwarded to the Chief Engineer General, Buildings and Roads, Madras for favour of obtaining the administrative approval of Government.

2. The Collector of South Kanara District also agrees to the electrification of the building in view of the popularity and frequent occupation of the bungalow (vide copy of his letter enclosed).

3. The Executive Engineer has reported that an extra charge of annas 5 per day will have to be levied due to the proposed electric installation. The total, rent per day will therefore be Rs.1-5-0 but as the P.W.D.Code requires that the rent should be fixed to the nearest half rupee, a consolidated rate of Rs. 1-8-0 per set of rooms per day may be charged and it is presumed that the occupants will have no objection to this enhanced rate in view of its added convenience.

Copy of letter T.Dis. No. 2474-36-B-1. dated 6th June 1936 from the Collector of South Kanara Mangalore, to the Executive Engineer, West Coast Division :--

Buildings - Government - Inspection Bungalow Mangalore Kadri - Electrification.

Reference your Endorsement No. 1174-M., dated 18th May 1936.

As the inspection bungalow seems to be sufficiently popular, I support the proposal for fitting it with electric fans and lights, if financial considerations do not stand in the way.

S.K.27/4

Copy of letter L.Dis.2474-36-B.1, dated 6-6-1936 from the Collector of South Kanara, Mangalore, to the Executive Engineer, West Coast Division.

Buildings - Government - Inspection Bungalow - Mangalore Kadri - Electrification.

Ref:-Your Endt:No.1174 M, dated 18-5-36.

As the Inspection bungalow seems to be sufficiently popular, I support the proposal for fitting it with electric fans and lights, if financial considerations do not stand in the way.

~~1 Buildings at Mangalore Inspection~~
~~Bungalow Electrification etc~~

1 From the CE(Gl. B&R) 1457 Wks 37-1.D 26-4-37

~~[illegible]~~ The CE(Gl. B&R) has submitted proposals for the electrification of the Inspection Bungalow at Mangalore. ~~The necessity for the electrification is due to~~ It is stated that the bungalow is popular & frequently used & electrification will add to its amenities. The statement at p.14 of shows the No of days in which the building was occupied in 7-8-31 & 15-7-36. It is proposed to instal prepayment one-anna slot meter to ~~measure the weight~~ Charge for the energy consumed. to increase the rent consequent on the electrification.

2. The CE recommends that it may be increased by 4 as' per Govt in the cases disposed of in GO No 1771 W dt 8-8-35 & 2677 W dt 12-12-35. The recommendation may be accepted.

3. The expenditure will be met on the provision for minor works under 3 a civil works — original works. Buildings

4. A draft order is submitted. It may be sent to Rev + Fin. for acceptance.

[The S.E. has suggested rent at Rs 1½ as the PWD Code requires that rent should be fixed to the nearest half rupee. The rule referred to is apparently the Sub: rule under F.R. 45 A. III (c) on pages ~~78~~ 87 of P.W.D. Code. This rule ~~refers~~ lays down the procedure for rounding when calculating ~~the~~ standard rents and need not be followed here as the rent is not fixed with reference to the amount of Capital outlay. The C.E's proposal follows the usual procedure]

Order / Resolution Ms. / Rout. No. 1083, dated 29-5-37 19__

referred to in para. 1 above the existing rates of rent for each set of rooms should be increased by ---- as under for an occupation of over 12 hrs & less than 24 hrs, → 12 to 24 hours
by annas two for occupation of over three & less than 12 hrs, and by one anna for an occupation of 3 hrs or less whether such occupation is by a single person or by a married couple. The increased rates of rent should be paid whether electric energy is used or not & if energy is used, an additional charge through the slot meter should be paid.

4. No additional fee on account of electric installation should be charged if tents only are pitched in the compound of the Inspection Bungalow
